January 2016
The 2016 Provider Directory of Publicly Funded Mental Health Providers is a service location guide for mental health services. The Directory lists services available at Psychiatric Inpatient and Outpatient Short Doyle/Medi-Cal Facilities, Community Outreach, and Residential Facilities. The Provider Directory does not list service locations of Outpatient Fee-For-Service network providers.

The Provider Directory lists Provider Name, Address, Phone Number, Hours of Operation, Types of Specialty Mental Health Services (SMHS), Age Groups Served, Languages/Cultures, Provider Numbers, and Non-Governmental Agency (NGA) Designation. Providers are listed alphabetically within each Organizational classification such as 24 Hour/Residential, Community Outreach, Crisis Services, Day Services, Juvenile Justice, and Outpatient. The Provider Directory is a resource to search for service providers in areas nearest to clients and providers. Providers are listed alphabetically by name and the primary mode of service.

The Providers listed in the Provider Directory can also be located on the internet using the Online DMH Provider Locator at: http://maps.lacounty.gov/dmhSL. To use the Online DMH Provider Locator, type the complete address of your location in the website address window and click on “Search.” The Online DMH Provider Locator will show the nearest locations on the map on the left side of the screen. Also shown will be the distance from your “Search” location and driving directions. Information on the Online Provider Locator can be translated into 90 or more languages.

In 2013, the LACDMH Service Area Provider Directories were revised to include the category of cultures. The new category now reads as languages/cultures. This addition highlights information on culturally and linguistically competent mental health services offered at service locations within our system of care. The listing of services under the category of languages/cultures aims to facilitate the ease with which consumers, family members, community members, and other stakeholders can locate mental health services that accommodate their individual preferences and needs. The Directories are also a resource to staff when seeking providers with cultural and linguistic competencies. Additional information on the definition and elements of culture and the National Culturally and Linguistically Appropriate Services (CLAS) Standards can be found at the US Department of Health and Human Services webpage on CLAS at: https://www.thinkculturalhealth.hhs.gov/pdfs/EnhancedCLASStandardsBlueprint.pdf

Age-Group Served by Providers: The age-groups served by providers are: Child, TAY (Transitional Age Youth), Adult, and Older Adult. Providers serving Children serve consumers between the ages of 0 and 17. Providers serving TAY serve consumers between the ages of 16 and 25. Providers serving Adults serve consumers between the ages of 18 and 59. Providers serving Older Adults serve consumers 60 years or older.

Contact Us: Every effort is made to ensure the information in the Service Area Provider Directory is accurate and current. However, information changes frequently and the Program Support Bureau, Quality Improvement Division, Data-GIS Unit will make the best effort to ensure the information is accurate and current. Corrections or questions pertaining to the provider information contained in this directory can also be emailed to: ProviderDirectory@dmh.lacounty.gov

This Provider Directory can be downloaded from the website at: http://psbqi.dmh.lacounty.gov/providerdirectory.htm
