Data-GIS Unit

March 2012

# Countywide Population Density 2010 - 2011

- Los Angeles County (LAC) is the most populous county in the United States.
- LAC is more populous than 42 individual U.S. states.
- As of 2010 U.S. Census, LAC had a total population of 9,818,605.
- LAC consists of 88 incorporated cities (18.3% of all incorporated cities in California).
- LAC covers 4,061 square miles and is 2.6% of all the land area in California.
  - Population density in LAC (*i.e.*, persons divided by total land area) is 2,418 persons per square mile.
  - Population density in California is 239 persons per square mile.
  - Population density in the United States is 87 persons per square mile.

Figure 22. Medi-Cal Enrolled Population<sup>1</sup> Who Speak LACDMH Threshold Language<sup>2</sup> by Service Area  
March 2011

<sup>1</sup> Medi-Cal Enrolled Population as reported in the State MEDS File - March 2011.

<sup>2</sup> Threshold Languages means a language identified on the Medi-Cal Eligibility Data System (MEDS) as the primary language of 3,000 beneficiaries or five percent of the beneficiary population, whichever is lower, in an identified geographic area, per Title 9, CCR, Section 1810.410 (f) (3).

1 Arabic is a Countywide threshold language, N = 3,347.

Figure 24. Percent Medi-Cal Enrolled Population Receiving LACDMH Services by Threshold Language FY 2010-2011

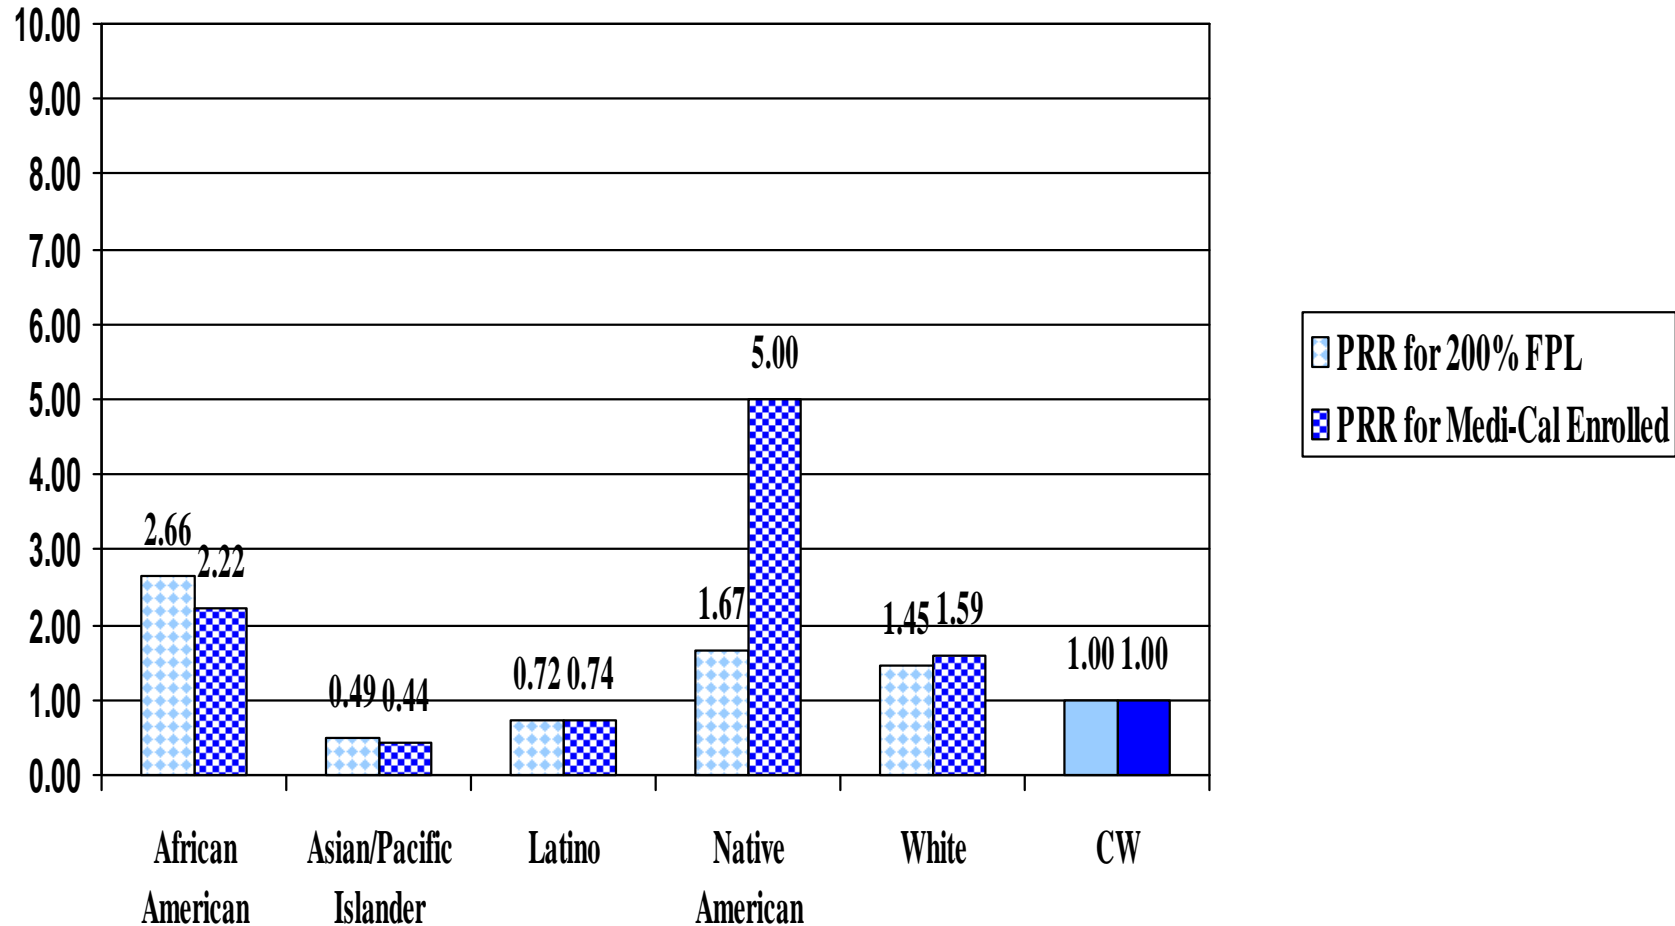

Figure 25. Penetration Rate Ratio (PRR) Among 200% FPL and Medi-Cal Enrolled Population Estimated with SED and SMI FY 2010 - 2011

Note: Countywide Penetration Rate Ratios (PRR) reflect the likelihood of consumers in each ethnic group to receive services compared with other ethnic groups in the same category such as living at or below 200% FPL or enrolled in Medi-Cal. For example, a PR Ratio of 2.66 (26.90%/10.10%, see Table 25) for African Americans shows the likelihood of African Americans living below 200% FPL to receive MHS compared with other ethnic groups living at or below 200% FPL.. Please note that the PRR take into account only two factors and are not multivariate analysis.

**Table 25. Penetration Rate Ratio (PRR) by Ethnicity Among 200% FPL and Medi-Cal Enrolled Population Estimated with SED and SMI FY 2010 - 2011**

<b>Population</b>	<b>African American</b>	<b>Asian/Pacific Islander</b>	<b>Latino</b>	<b>Native American</b>	<b>White</b>	<b>Total</b>
